The principal registered address of Divisa UK Limited is 69 Wilson Street London, EC2A 2BB, United Kingdom. Our Group Companies may act as agents for us and we may act as agent for one or more of our Group Companies. This will be disclosed at or before the time of executing a transaction. It will also be recorded on the confirmation. These Terms shall apply unless our Group Company expressly requires otherwise.
- 1.2 We will deal with you as principal unless we inform you that we are dealing with you as agent generally or with respect to any transaction or class of transactions. You will enter into transactions as principal unless otherwise agreed in writing by us.
- 1.3 You acknowledge and agree that, by opening an account via our Online Facility, your electronic acceptance of these Terms and your use or continued use of our services, you agree to be bound by these Terms (and any variation of these Terms as notified to you from time to time). A current and definitive copy of these Terms (as amended from time to time) will be available to you on the Website at all times.
- 1.4 You agree under these Terms to notify us immediately in writing of any changes to any information you have provided to us in connection with these Terms.
- 1.5 In these Terms we have used defined words and terms, as set out either in the body of this document or in the definitions schedule, in order to make it easier to read. After a definition or an explanatory word or phrase, we have included the relevant defined word or term in bold between brackets. Unless the context requires otherwise, all other uses of a defined word or term will have the same meaning.
- 1.6 The Terms may be updated from time to time and we shall notify you of any updates as soon as reasonably practicable.
- 1.7 The Terms have been updated in order to reflect the entry into force of MiFID II, namely Directive 2014/65/EU, Regulation 600/2014 and all EU and UK implementing legislation.

2. OUR OBLIGATION TO KNOW OUR CLIENT

- 2.1 We are required to identify each of our clients, the nature of each client’s business and other details relating to Transactions, referred to as 'Customer Due Diligence' or 'Know Your Customer' (“**CDD**”).
- 2.2 You agree to provide us with all the information we require as part of our CDD procedures. You authorise us or any agent to investigate your identity, credit standing and/or any current and past investment activity, and in connection with such investigations, to contact such banks, brokers and others as we shall deem appropriate.
- 2.3 You agree that we may withhold any monies due to you until we have received all requested CDD documentation.
- 2.4 You agree and authorise us to update your personal details pursuant to the identification document provided to us by you, such as (without limitation) a passport or a national identity card, to ensure that we hold the correct and complete

information to prevent any discrepancies in your identification.

3. REGULATORY INFORMATION

Equiti is a registered trading name of Divisa UK Limited. Divisa UK Limited is authorised and regulated by the Financial Conduct Authority (FCA) under the Firm's registration number (FRN) 528328 and is subject to the FCA Rules. The FCA's contact address is 25 The North Colonnade, Canary Wharf, London E14 5HS.

4. CLIENT CATEGORISATION

- 4.1 We shall treat you, alone, as our client (as defined by the FCA Rules). Where you are acting as agent, we accept no responsibility towards your principal(s) (even where such principal(s) have been identified to us) unless, at our discretion, we choose to enter into a separate relationship with them.
- 4.2 We will initially categorise you as a retail client, which means that the protections afforded to such customers under the FCA Rules are available to you.
- 4.3 You may request to be classified differently (if you are eligible), but, if so, you will lose certain protections under the FCA Rules and regulatory system including rights in respect of the Financial Services Compensation Scheme ("FSCS"). If you are classified as a non-retail client we will provide you with a summary of the protections afforded to you in accordance with the relevant classification.

5. TRANSACTION REPORTING

- 5.1 Where we are required under Applicable Regulations to report transactions with you to the FCA via our Authorised Reporting Mechanism ("ARM"), or otherwise, you will need to obtain and provide us with an active Legal Entity Identifier ("LEI") for relevant legal entities or your national identifier code in order to identify your primary national identifier under Applicable Regulations as well as the national identity document you need to provide, before you can place an order for execution of a Transaction with us.
- 5.2 You acknowledge and agree that we are entitled to disclose such information and that such information held by us shall be our sole and exclusive property.

6. OUR SERVICES

- 6.1 Subject to these Terms and the acceptance of your application to open an account with us, we will maintain one or more accounts in your name and will provide you with execution-only dealing services in relation to contracts in Foreign Exchange ("FX") and Contracts for Difference ("CFDs") where the underlying investments or products include foreign exchange contracts, metals, equity indices and commodities. Our offering will also include any other financial products we may offer through the Online Facility from time to time (the "Services").
- 6.2 Orders for execution of a Transaction, unless otherwise agreed by us, are to be given to us electronically through our Online Facility to buy at the quoted offer price ("**long position**") or sell at the quoted bid price ("**short position**") for the relevant Reference Asset.
- 6.3 You acknowledge and agree that unless otherwise agreed in a formal written instrument you will not be entitled to delivery of, or be required to deliver, any Reference Asset nor will you acquire any interest in any Reference Asset.
- 6.4 You acknowledge and agree that we have the right to close any Transaction in our sole and absolute discretion without notice.
- 6.5 We will not provide you with (and will not be under any duty to provide) advice on the merits of a particular transaction or

provide you with personal recommendations (as defined by the FCA) in relation to any transaction. This means that you should make your own assessment of any transaction that you are considering or of the composition of your account(s) and should not rely on any opinion, research or analysis expressed or published by us or our Group Companies as being a recommendation or advice in relation to that transaction.

- 6.6 Any legal, accounting, tax or other adviser retained by us shall be the legal, accounting, tax or other adviser to us alone. You have the sole responsibility for selecting, retaining and remunerating any legal, accounting, tax or other adviser that may advise you. We or any of our Group Companies or any legal, accounting, tax or other adviser retained by us will in no circumstances be deemed to be a provider of legal, accounting, tax or other advice to you, any Group Company of yours or any other person.
- 6.7 Provision of the Services will not, unless specifically agreed between us in writing, give rise to any fiduciary or equitable duties on our part or that of our Group Companies. You agree that nothing contained in these Terms shall create any fiduciary, trustee, agency, joint venture or partnership relationship between us or any Group Company of ours, on the one hand, and you or any Group Company of yours on the other.
- 6.8 Before opening an account for you, we will need to assess, based on your knowledge and experience, whether the type of margined trading you wish to conduct is appropriate for you. We rely on you to provide us with the correct information of your knowledge and experience in connection with the products and services we offer and you warrant to us that it is accurate and complete.
- 6.9 On the basis of the information you provide, if we believe the type of margined trading you wish to conduct is not appropriate for you we will notify you via e-mail during the account opening process.
- 6.10 Although we have an obligation to assess the appropriateness of our products and services, we have no obligation to monitor your margined trades nor to advise you on the appropriateness of each individual trade you place.
- 6.11 Depending on your knowledge and experience and the type of Transactions you generally place with us, some of these account types may not be available to you. We reserve the right to close your account or convert your account into a different account type if, acting reasonably, we determine that a different type of account is more appropriate for you. We also reserve the right to change the features and eligibility criteria of our accounts at any time and we will provide prior notification of such changes.

7. PROVIDING A QUOTE

- 7.1 Upon your request we may (at our absolute discretion) provide you with a relevant non-binding quotation and details of charges for each Transaction. Such quote will be either the bid/offer prices in the Underlying Market or our own bid/offer prices and details of which basis will apply may be found in the Contract Specifications or may be obtained from our dealers on request. We will charge you for opening and closing a Transaction in accordance with the type of account that you choose. For the latest details of our account structures, please visit our Website.
- 7.2 The rates quoted are relevant at the moment when we provide the quotation to you. Such rates are subject to change. You acknowledge that both our Spreads and Market Spreads, can widen significantly in some circumstances, that they may not be the same size as the examples given in the Contract Specifications and that there is no limit on how large they may be. You acknowledge that when you close a Transaction, the Spread may be larger or smaller than the Spread when the Transaction was opened. For Transactions transacted when the Underlying Market is closed or in respect of which there is no Underlying Market, the figures that we quote will reflect what we believe the market price in an Instrument is at that time. You acknowledge that such figures will be set by us at our reasonable discretion. The Spread quoted by us will reflect our view of prevailing market conditions.
- 7.3 You may request a quote to open a Transaction or to close all or any part of a Transaction at any time during our normal hours of trading for the Instrument in respect of which you wish to open or close the Transaction.
- 7.4 If we choose to provide a quote, we may provide a quote either orally by telephone or electronically via our Online Facility or by such other means as we may from time to time notify to you. The quote we provide is not an offer to open or close a Transaction at those levels. You will need to initiate a Transaction to offer to close or open a Transaction and we, acting reasonably, may accept or reject your offer at any time until the Transaction has been executed or we have acknowledged that

your offer has been withdrawn. A Transaction will be opened or, as the case may be, closed only when your offer has been received and accepted by us. Our acceptance of an offer to open or close a Transaction, and thus the execution of the Transaction, will be evidenced by our confirmation of its terms to you.

- 7.5 In any event, we reserve the right to reject your offer at the level quoted, if any of the following factors are not satisfied:
- 7.51 the quote has been obtained from us in accordance with these Terms;
 - 7.52 the quote is not to be expressed as being given on an 'indicative only' or similar basis;
 - 7.53 if you obtain the quote by telephone, it must be given by a person who is a dealer, employed by us and your offer to open or close the Transaction must be given during the same telephone conversation in which you obtained the quote and the dealer giving the quote must not have informed you before you make the offer to open or close the Transaction and that offer has been confirmed as accepted by us that the quote is no longer valid;
 - 7.54 if you obtain the quote electronically via our Online Facility, your offer to open or close the Transaction, and our acceptance of your offer, must be given while the quote is still valid;
 - 7.55 the quote must not be Manifestly Erroneous;
 - 7.56 when you offer to open a Transaction, the number of shares, contracts or other units in respect of which the Transaction is to be opened must be neither smaller than the Minimum Size nor larger than the Normal Market Size;
 - 7.57 when you offer to close part but not all of an open Transaction both the part of the Transaction that you offer to close and the part that would remain open if we accepted your offer must not be smaller than the Minimum Size;
 - 7.58 a Force Majeure event must not have occurred;
 - 7.59 when you offer to open a Transaction an Event of Default must not have occurred in respect of you, nor must you have acted in such a way as to trigger an Event of Default;
 - 7.5.10 the telephone or Electronic conversation in which you offer to open or close the Transaction must not be terminated before we have received and accepted your offer; or
 - 7.5.11 when you offer to open or close any Transaction, the opening of the Transaction must not result in your exceeding any credit or other limit placed on your dealings.
- 7.6 We reserve the right to refuse any offer to open or close a Transaction larger than the Normal Market Size. Our quotation for a Transaction equal to or greater than Normal Market Size is not guaranteed to be within any specific percentage of any Underlying Market or related market quotation and our acceptance of your offer may be subject to special conditions and requirements that we will advise to you at the time we accept your offer. We will inform you of the Normal Market Size for a particular Instrument on request.
- 7.7 If, before your offer to open or close a Transaction is accepted by us, our quote moves to your advantage (for example, if the price goes down as you buy or the price goes up as you sell) you agree that we may (but do not have to) pass such price improvement on to you.
- 7.8 Where an Instrument trades on multiple Underlying Markets, one of which is the primary Underlying Market, you agree that we may but are not required to base our bid and offer prices on the aggregate bid/offer prices on the Underlying Markets.

8. RISK WARNING

- 8.1 Trading in options, futures and contracts for difference in foreign exchange, precious metals and commodities is high risk and not suitable for everyone. You should carefully consider your investment objectives, level of experience and risk appetite before making any decision to trade with us. Importantly, do not invest money you cannot afford to lose.
- 8.2 There is considerable exposure to risk in any off-exchange transaction, including, but not limited to, leverage, creditworthiness, limited regulatory protection and market volatility that may substantially affect the price, or liquidity of the markets that you are trading. Further details of the risk warnings are set out in the Risk Warning.

9. DEALING PROCEDURES

- 9.1 If a Transaction has been executed in whole or in part it will not be possible for you to cancel the Transaction to the extent that the Transaction has been executed.
- 9.2 We reserve the right to limit the number of open positions you may enter or maintain in your Account. We also reserve the right, in our sole discretion to refuse to accept any Transaction opening a new position or increasing an open position.

Electronic Trading

- 9.3 We have no obligation to accept, or to execute or cancel, all or any part of a Transaction that you seek to execute or cancel through an Electronic Trading Service. Without limitation of the foregoing, we have no responsibility for transmissions that are inaccurate or not received by us, and we may execute any Transaction on the terms actually received by us.

Agents

- 9.4 We will not be under any duty to open or close any Transaction or accept and act in accordance with any communication if we reasonably believe that such agent may be acting in excess of its authority. In the event that we have opened a Transaction before coming to such a belief we may, at our absolute discretion, either close such a Transaction at our then prevailing price or treat the Transaction as having been void from the outset. Nothing in this clause 9.4 will be construed as placing us under a duty to enquire about the authority of an agent who purports to represent you.

Infringement of law

- 9.5 We will not be under any duty to open or close any Transaction if we reasonably believe that to do so may not be practicable or would infringe any Applicable Regulation, law, rule, regulation or Term. In the event that we have opened a Transaction before coming to such a belief we may, at our absolute discretion, either close such a Transaction at the then prevailing bid price (in the case of sell Transactions) or offer price (in the case of buy Transactions) or treat the Transaction as having been void from the outset.

Situations not covered by these Terms

- 9.6 In the event that a situation arises that is not covered under these Terms or the Contract Specifications, we will resolve the matter on the basis of good faith and fairness and, where appropriate, by taking such action as is consistent with market practice and/or paying due regard to the treatment we receive from any hedging broker with which we have hedged our exposure to you arising from the Transaction in question.

Borrowing charges and transactions becoming un-borrowable

- 9.7 Where you have opened a Sell in respect of a particular Instrument, we reserve the right to pass on to you any stock borrowing charges incurred by us. If you do not pay any stock borrowing charges that become payable after you have opened such a Transaction, or we are unable to continue to borrow that Instrument in the Underlying Market (and we give you notice to that effect), we will be entitled to close your Transaction in respect of that Instrument with immediate effect. This may result in you incurring a loss on the Transaction. Further, you agree to reimburse us for any fine, penalty, liability or other similar charge (such as buy back fees) imposed on us for any reason by any exchange, Underlying Market or any other regulatory authority that relates in any way to your opening or closing a Transaction or any related transaction by us to hedge your Transaction.
- 9.8 In the event that you open a Transaction in relation to an Underlying Instrument that is a share, and that underlying share becomes un-borrowable (either from the outset or our brokers/agents have recall from us a stock that we have already borrowed against) so that we are unable to hedge against losses that we may incur in relation to that Transaction we may, at our absolute discretion, take one or more of the following steps:
 - 9.81 increase your Margin requirements;
 - 9.82 close the relevant Transactions at such Closing Level as we reasonably believe to be appropriate;
 - 9.83 alter the Last Dealing Time for the relevant Transaction.

10. OPENING A TRANSACTION

- 10.1 You will open a Transaction by 'buying' or 'selling'. In these Terms a Transaction that is opened by:
- 10.11 'buying' is referred to as a 'Buy' and may also, in our dealings with you, be referred to as 'long' or 'long position'; and
 - 10.12 'selling' is referred to as a 'Sell' and may also, in our dealings with you, be referred to as 'short' or 'short position'.
- 10.2 A Transaction must always be made for a specified number of shares, contracts or other units that constitute the underlying instrument.

Situations not covered by these Terms

- 10.3 Each Transaction opened by you will be binding on you notwithstanding that by opening the Transaction you may have exceeded any credit or other limit applicable to you or in respect of your dealings with us.
- 10.4 When you open and when you close a Transaction, you may be required to pay us a commission ("Commission") that is calculated as a percentage of the value of the opening or closing Transaction (as applicable) or as an amount per equivalent Instrument or Instruments on the Underlying Market or on any other basis agreed between ourselves in writing. Our commission terms will be notified in writing to you and will be available on our Website or through our Online Facility, however, in the event that we do not notify you of the commission terms, we will charge the standard commission rate as published on our Website or, if no rate is published, 0.01% of the value of the opening or closing Transaction (as applicable).
- 10.5 Unless we agree otherwise, all sums payable by you pursuant to these Terms upon opening a Transaction are due and must be paid upon the Opening Level of your Transaction being determined by us.
- 10.6 All fees payable pursuant to this clause 10 and these Terms will be subject to the provisions at clause 27 of these Terms.

11. MULTIPLE TRANSACTIONS

MT4

- 11.1 In the case of trading on the MT4 platform:
- 11.11 where you have entered a buy Transaction and you subsequently open a sell Transaction in respect of the same instrument at a time when the buy Transaction remains open, then both transactions will exist simultaneously on the trading system including relevant margin requirements;
 - 11.12 where you have opened a sell Transaction and you subsequently open a buy Transaction in respect of the same instrument at a time when the sell Transaction remains open, then both transactions will exist simultaneously on the trading system including relevant margin requirements.

MT5

- 11.2 In the case of trading on the MT5 platform, where you have entered a buy Transaction and you subsequently open a sell Transaction in respect of the same instrument at a time when the buy Transaction remains open, then:
- 11.21 if the size of the Sell order is less than the size of the buy Transaction, we will treat the offer to sell as an offer to partly close the buy Transaction to the extent of the size of the sell Transaction;
 - 11.22 if the size of the sell Transaction is the same as the size of the buy Transaction, we will treat the offer to sell as an offer to close the buy Transaction entirely;
 - 11.23 if the size of the sell Transaction exceeds the size of the buy Transaction, we will treat the offer to sell as an offer to close the buy Transaction entirely and open a sell Transaction position equal to the amount of such excess.
- 11.3 In the case of trading on the MT5 platform, where you have opened a sell Transaction and you subsequently open a buy Transaction in respect of the same instrument at a time when the sell Transaction remains open, then unless you instruct us to the contrary:
- 11.31 if the size of the buy Transaction order is less than the size of the sell Transaction we will treat the offer to buy as an offer to partly close the sell Transaction to the extent of the size of the buy Transaction;
 - 11.32 if the size of the buy Transaction order is the same as the size of the sell Transaction we will treat the offer to buy as an offer to close the sell Transaction entirely;
 - 11.33 if the size of the buy Transaction order exceeds the size of the sell Transaction we will treat the offer to buy

11.34 Transaction as an offer to close the sell Transaction entirely and open a buy Transaction equal to the amount of such excess.

12. CLOSING A TRANSACTION

- 12.1 In relation to trading on the MT4 platform and MT5 platform, to close any Transaction in whole or in part you must enter into a second Transaction in relation to the same Reference Asset as the first Transaction but you must sell if the first Transaction was a purchase and you must purchase if the first Transaction was a sell.
- 12.2 In addition, when trading on the MT5 platform, we will net your first and second Transaction, and the aggregate position shall be displayed on your trading platform.
- 12.3 Spreads, including market Spreads, can and do widen significantly in some circumstances; they may not be the same size and there is no limit on how large they may be. You acknowledge that when you close a Transaction, the Spread may be larger or smaller than the Spread when the Transaction was opened. For Transactions effected when the Market or Underlying Market of any Reference Asset is closed or in respect of which there is no Market or Underlying Market for the Reference Asset, the bid and offer price figures that we quote will reflect what we believe the market price in an investment would be at that time. Such figures will be set by us at our reasonable discretion. Our quotation is not guaranteed to be within any specific percentage of the quotation of the Market or Underlying Market of the Reference Asset, and the Spread quoted by us will reflect our view of prevailing market conditions. You agree not to use our bid and offer prices for any purpose other than for your own trading purpose, and you agree not to distribute our bid and offer prices to any other person whether such redistribution be for commercial or other purposes.
- 12.4 If you approach us to close out a trade which has been entered into between us, we are under no obligation to do this. Where we agree to do this, we will calculate the close out value of the trade based on prevailing market conditions and may include associated costs arising from the close out in this figure. The close out value may be due from you to us or from us to you depending on the trade and may be substantial.
- 12.5 In addition to our rights at clause 15 of the Terms and our rights pursuant to clause 6.4 , we may close any Transaction in our sole discretion at any time without notice in the event that:
- 12.5.1 if it is a 'sell' Transaction, and due to illiquidity in the relevant Reference Asset we are unable to borrow a sufficient number of such Reference Asset to settle any underlying hedge position in respect of the Transaction; or
 - 12.5.2 if we are required, at any time, by a lender to return any Reference Asset borrowed by us which relates to a Transaction and we are then unable to maintain a hedge position in respect of that Transaction; or
 - 12.5.3 if at any time we are otherwise unable to establish or maintain a hedge position or any other hedging disruption occurs in respect of a Transaction or the continuation of any such hedge or hedging disruption is likely, in our reasonable judgment, to become more burdensome to us.
- 12.6 With respect to any Transaction that is closed out by us pursuant to or as contemplated by the terms of these Terms:
- 12.6.1 except as may be otherwise specified in these Terms, the Closing Date will be the date designated by us to you and at a closing price as determined by us;
 - 12.6.2 no further payments or deliveries are required to be made on or after the Closing Date, except for settlement payments as provided below; and
 - 12.6.3 any and all amounts payable by either party in settlement of such Transaction are immediately due and payable.
- 12.7 Any and all obligations arising or existing between us as a result of the close-out of one or more Transactions will be satisfied by the net settlement (whether by payment, set-off or otherwise) of all amounts due and payable between us, and the net amount determined to be payable by either party will be immediately due and payable.
- 12.8 In the event of any dispute regarding any transaction, we may in our absolute discretion cancel, terminate, reverse or close out the whole or part of any position resulting from and/or relating to such transaction.
- Undated Transactions*
- 12.9 Subject to these Terms and any requirement we may specify in relation to any Linked Transactions, you may close an open Undated Transaction or any part of such open Undated Transaction at any time.
- 12.10 Subject to these Terms, when you close an Undated Transaction, the Closing Level will be, if you are closing an Undated Buy

Transaction, the lower figure then quoted by us and, if you are closing an Undated Sell Transaction, the higher figure then quoted by us.

Expiry Transactions

- 12.11 Unless otherwise informed, if you do not close an Expiry Transaction on or before the Last Dealing Time then we will close your Expiry Transaction as soon as we have ascertained the price of the Expiry Transaction. The price of the Expiry Transaction will be (a) the last traded price at or prior to the close or the applicable official closing quotation or value in the relevant Reference Asset as reported by the relevant exchange, errors and omissions excluded; plus or, as the case may be, minus (b) any Spread that we apply when such an Expiry Transaction is closed. Details of the Spread that we apply when a particular Expiry Transaction is closed are available on request.
- 12.12 It is your responsibility to make yourself aware of the Last Dealing Time and of any Spread that we may apply when you close an Expiry Transaction.
- 12.13 We do not automatically roll over to the next contract period those of your Transaction(s) which at the end of its set contract period will expire automatically. You acknowledge that it is your responsibility to make yourself aware of the next applicable contract period for a Transaction and that effecting the rollover of a Transaction may result in you incurring losses on your account. Any agreement as to roll over is entirely at our discretion and we reserve the right to refuse to rollover a Transaction or Transactions, despite any instruction you have given us. Where we do effect a rollover, the original Transaction will be closed at or just prior to the Last Dealing Time and become due for settlement and a new Transaction will be created; such closing and opening trades will be on our normal terms.

13. AGGREGATION OF ORDERS

We reserve the right to aggregate the instructions we receive from our clients to close Transactions. Aggregation means that we may combine your instruction with those of other clients of ours for execution as a single order. We may combine your instruction to close with those of other clients if we reasonably believe that this is in the overall best interests of our clients as a whole. However, on occasions, aggregation may result in you obtaining a less favourable price once your instruction to close has been executed. You acknowledge and agree that we shall not have any liability to you as a result of any such less favourable price being obtained.

14. HEDGING DISRUPTION

- 14.1 Notwithstanding anything to the contrary in these Terms, if we determine that a hedging disruption has occurred, or may occur, including a hedging disruption which is a result of any actual or imminent delay, disruption, suspension, or reduction in any payment or settlement in respect of any transaction or asset we may deem necessary to hedge our Transaction price risk.
- 14.2 Irrespective of whether such hedging disruption arises directly or indirectly from the failure of a hedging counterparty to perform its obligations or otherwise, you will be liable to us for any increased costs or expenses resulting from such hedging disruption (including any costs of unwinding, establishing or re-establishing a hedge). We may, upon notification of such costs to you, deduct them from your account or demand payment. If you fail to comply fully and by the required time with the obligation to make payment this will constitute an event of default.

15. MARKET SUSPENSION AND DELISTING

- 15.1 If at any time trading on a Regulated Market (as defined in the FCA's Rules) is suspended in any Reference Asset which is listed on a Market we shall calculate the value of the Transaction with reference to the last traded price before the time of suspension, or a closing price as reasonably determined by us if no trading in that Reference Asset is undertaken during the Business Day on which a suspension occurs.
- 15.2 In the event that the aforesaid suspension continues for five Business Days, we and you may in good faith agree a Closing Date and a value of the Transaction. In the absence of such agreement, the Transaction shall remain open in accordance with the provisions of this clause until such time as the suspension is lifted or the Transaction is otherwise closed. During the term of a Transaction where a Reference Asset is suspended we have the right to terminate the Transaction at our discretion and to amend or vary Margin requirements and Margin rates.

- 15.3 If a Regulated Market on which a Reference Asset is principally traded announces that pursuant to the rules of such Market the relevant Reference Asset has ceased (or will cease) to be listed, traded or publicly quoted on the Market for any reason and is not immediately re-listed, re-traded or re-quoted on the Market or quotation system located in the same country as the Market (or where the Market is within the European Union, in any Member State of the European Union), or already so issued, quoted or traded the day on which such event occurs, or (if earlier) is announced shall be the Closing Date. The closing price will be such price as notified by us to you.

16. PAYMENTS

- 16.1 On each Payment Date you will, subject to the conditions precedent that:
- 16.11 no Event of Default (as defined below) with respect to the other party has occurred and is continuing; and
 - 16.12 no Early Termination Date (as defined below) has occurred or been effectively designated,
- make the payments specified due to us in respect of one or more Transaction(s) in the currency and to the account specified by us in advance of such payment becoming due.
- 16.2 On each Payment Date each party's obligation to make payment of any amount will be automatically satisfied and discharged and replaced by an obligation upon the party by whom the larger amount would have been payable to pay to the other party the excess of the larger amount over the smaller amount. If the amounts payable by each party on any Payment Date are the same, then no payment shall be made by either party on such Payment Date.
- 16.3 All payments made pursuant to a Transaction will be made without any deduction or withholding for or on account of any Tax unless such deduction or withholding is required by any applicable law, as modified by the practice of any governmental revenue authority, then in effect. If a party is required to deduct or withhold it shall:
- 16.31 promptly notify the other party;
 - 16.32 pay to the relevant authorities the full amount to be deducted or withheld promptly upon the earlier of determining that such deduction or withholding is required or receiving notice that such amount has been assessed against it;
 - 16.33 promptly forward to the other party an official receipt (or certified copy), or other documentation reasonably acceptable to the other party, evidencing such payment to such authorities; and
 - 16.34 in addition to any payment to which the other party is otherwise entitled under the Transaction, pay to the other party such additional amount as is necessary to ensure that the net amount actually received by the other party will equal the full amount the other party would have received had no such deduction or withholding been required.

17. SETTLEMENT

Unless we have agreed otherwise in writing, settlement of transactions shall be on a delivery versus payment basis. All payments and other documents required to settle your transactions must be delivered by you in time to enable us to complete settlement promptly. Where relevant documents and cleared funds are not held by us, we are not obliged to settle any transaction. If either party defaults in paying any amount when it is due to the other, then (unless otherwise agreed) interest will be payable by the defaulting party at the overdraft rate of the relevant correspondent bank at which the default occurs. We may purchase investments to cover your liability to deliver investments to us and may debit any of your accounts to cover any losses we suffer. In the event of any dispute regarding any transaction, we may in our absolute discretion cancel, terminate, reverse or close out the whole or part of the position resulting from such transaction.

18. SET-OFF

- 18.1 We may at any time, without notice to you, set-off any liability we have to you against any liability (including without limit any loss) you owe to us or any Group Company, whether any such liability is present or future, liquidated or unliquidated, under these terms or not and irrespective of the currency or its denomination.
- 18.2 If the liabilities to be set off are expressed in different currencies, we may convert either liability at a rate of exchange which we determine to be reasonable for the purpose of set off. Any exercise by us of our rights under this clause shall be without prejudice to any other rights or remedies available to us or any Group Company under these Terms or otherwise.

19. CONFIRMATIONS

- 19.1 After we have executed a transaction, we shall confirm the details of that transaction to you (the confirmation may be in electronic format or made available on the Online Facility, in which case such electronic format shall have the same effect as if served on you in written hard copy) as soon as possible after execution. The content of our confirmations will, in the absence of a clear error, be deemed conclusive and binding on you unless you object in writing to us as soon as possible, and at latest within one Business Day of despatch. Any error or inaccuracy relating to a confirmation shall not affect the validity of the underlying Transaction.
- 19.2 Any dispute on the accuracy of the confirmation should be dealt with in accordance with the dispute procedures contained in clause 37.

20. MANIFEST ERROR

- 20.1 We reserve the right to, without your consent, either void from the outset or amend the terms of any Transaction containing or based on any Manifest Error. If, in our discretion, we choose to amend the terms of any such Manifest Error the amended level will be such level as we reasonably believe would have been fair at the time the Transaction was entered into. In deciding whether an error is a Manifest Error we shall act reasonably and we may take into account any relevant information including, without limitation, the state of the Underlying Market at the time of the error or any error in, or lack of clarity of, any information source or pronouncement upon which we base our quoted prices. Any financial commitment that you have entered into or refrained from entering into in reliance on a Transaction with us will not be taken into account in deciding whether or not there has been a Manifest Error.
- 20.2 In the absence of our fraud, wilful default or negligence, we will not be liable to you for any loss, cost, claim, demand or expense following a Manifest Error (including where the Manifest Error is made by any information source, commentator or official on whom we reasonably rely).
- 20.3 If a Manifest Error has occurred and we choose to exercise any of our rights under clause 20.1, and if you have received any monies from us in connection with the Manifest Error, you agree that those monies are due and payable to us and you agree to return an equal sum to us without delay.

21. MARGIN PAYMENTS

- 21.1 We may enter into transactions in options, futures or contracts for difference which will, or may, result in you having to provide margin payments, being a deposit of cash to cover any unrealised losses which have occurred or may occur in relation to your investments.
- 21.2 Payments may be required both on entering into a transaction and on a daily basis throughout the life of the transaction if the value of the transaction moves against you. The movement in the market price of your investment will affect the amount of margin payment you will be required to make.
- 21.3 To enter a leveraged Transaction you may need to deposit money with us as Margin. Margin is typically a relatively small proportion of the overall contract value. For example, a contract trading on leverage of 100:1 will require Margin of just 1% of the contract value. This means that a small price movement in the underlying will result in large movement in the value of your trade – this can work in your favour, or result in substantial losses.
- 21.4 Any requirement for Margin must be satisfied in such currency and within such time as may be specified by us (in our absolute discretion) or, if none is specified, immediately. One Margin demand does not preclude another. It is your responsibility to monitor your trading account and you should not rely on our right to call you for margin as a means of monitoring your account. Margin calls are made as a matter of courtesy and we are not obliged to make margin calls to clients.
- 21.5 You may lose your initial deposit and be required to deposit additional Margin in order to maintain your position. If you fail to meet any Margin requirement your position will be liquidated and you will be responsible for any resulting losses.
- 21.6 Margin may be provided in the form of cash or other assets acceptable to us at our discretion.
- 21.7 If you fail to provide Margin when required to do so we (or any applicable exchange, clearing house or counterparty) may close out your positions and exercise the rights described in clause 12 above. Failure to provide Margin may lead to us closing out any or all of your trading positions. We will have the right to do this at any time when you fail to provide Margin. We will additionally have the right to close out your positions in any other circumstances provided in these Terms.

22. MARKET CONDUCT

- 22.1 Notwithstanding any other provision of these Terms, in providing the services, we shall be entitled to take any action we consider necessary in our reasonable discretion to ensure compliance with Market Rules, FCA Rules and the Money Laundering Requirements and all other applicable laws, rules, regulations and regulatory decisions including selling or closing any or all Transactions that you may have open.
- 22.2 We may report to the FCA or any other relevant regulatory authority any Transaction entered into by you or on your behalf in accordance with the FCA Rules or Market Rules.
- 22.3 We may hedge our liability to you by opening analogous positions with other institutions or in the Underlying Market. The result of our doing this is that when you open or close a Transaction relating to a share or other Instrument with us, your Transactions may, through our hedging, exert a distorting influence on the Underlying Market for that Instrument, in addition to the impact that it may have on our own prices. For the avoidance of doubt, in such situations, the purpose is not to distort the Underlying Market but to hedge our liability.

23. IMPROPER TRADING

- 23.1 We cannot and do not guarantee the speed at which our online trading platform (MT4/MT5) operates or that it will not be subject to system or internet failure. To the fullest extent permitted under English law, we exclude all liability for: (i) any direct or indirect loss or damage incurred by you as a result of any delay or system suspension/default experienced by you, for however long, in your use of our online trading platform; (ii) any direct or indirect loss or damage incurred by you by reason of any improper, unlawful or unfair trading activity (as reasonably determined by Equiti) perpetrated by you or by any third party; (iii) any direct or indirect loss or damage incurred by you by reason of a failure on your part to use the most current online trading platform.
- 23.2 Where we believe, in our reasonable judgment, that you (and/or other parties) may have engaged or may be engaging in improper, unlawful or unfair trading activity, we may immediately suspend your (and or other) trading account(s) in order to investigate.
- 23.3 Latency trading is characterised by a high volume of transactions which are opened and closed within an unusually short period of time as compared to the 'average' client, with a disproportionate number placed advantageously between price of trade and price of Underlying Market instead of the 'random distribution' that would be expected when the trading platform is used 'fairly'. Where we believe, in our reasonable judgment, that latency in the trading platform is being unfairly exploited by you ("**Latency Exploitation**"), we may at our absolute discretion void all trades and return to you only funds deposited net of any earlier withdrawals - and then close your account.

24. EXPERT ADVISORS

- 24.1 You may choose to trade on our online trading platform (MT4/MT5) using an Expert Adviser, being a robotic algorithmic trading system which trades the market on behalf of customers. Trading with an Expert Adviser is inherently risky by virtue of the robotic nature of the trading system and we do not encourage or endorse it as a practice.
- 24.2 Should you choose to trade using an Expert Adviser, to the fullest extent permitted under English law, we exclude all liability for any direct or indirect loss or damage incurred by you by reason of: (i) your use of an Expert Adviser or (ii) any fault or failure on the part of the Expert Adviser.

25. SYSTEM MAINTENANCE

- 25.1 From time to time we will need to carry out certain system maintenance on the online trading platform. We shall endeavour to do this out of trading hours when the market is closed but we reserve the right to conduct such system maintenance, in our absolute discretion, at any time.
- 25.2 In the event that we need to conduct such system maintenance when the market is open, we shall notify you of this but we shall not be liable for any direct or indirect loss or damage incurred by you by reason of the system maintenance and/or any suspension of the online trading platform.

26. EVENTS OF DEFAULT

- 26.2 The occurrence of the following in respect of you or your Credit Support Provider (each respectively the "Defaulting Party") shall constitute an Event of Default:

- 275.1 a cost per acquisition fee, such fee to be paid as a one-off payment;

36. CONFLICTS OF INTEREST

- 36.1 When we deal with you, we, a Group Company, or some other person connected with us, may have an interest, relationship or arrangement that is material in relation to the Investment, transaction or Service concerned. Conflicts of interest can arise in particular when we have an economic or other incentive to act in a way that favours us or any of our Group Companies.
- 36.2 Consistent with our regulatory obligations we seek to ensure that any conflicts that arise between our interests and those of our clients, or between clients, are properly managed. Our conflicts policy, which is communicated to all relevant employees, identifies the types of conflict that may arise and provides express instructions on the management of those conflicts. To this effect, we have a framework in place to handle conflicts of interest, so that we act with an appropriate degree of independence from our own interests when transacting with you or dealing on your behalf. Our Conflicts of Interest Policy is on our website.
- 36.3 In some circumstances appropriate management of any conflict of interest and fair treatment of the relevant parties may only be achieved by our declining to enter into transactions with you.

- 39.2 Each amendment will become effective on the date specified in the notice. Any amendment requested by you must be agreed in a formal amendment agreement by us. - 40.1 Subject to clause 40.2 below, you may terminate these Terms by written notice at any time. We may terminate the Terms by providing you with at least thirty (30) days written notice of termination unless circumstances require us to provide a shorter notice period.
- 40.2 We may terminate the arrangements set out in these Terms immediately and without notice to you:
- 40.2.1 if you admit to your inability to pay your debts as they fall due or enter into any scheme or arrangement with your creditors or, in the case of a company, file or have filed against you a petition for winding up, pass a resolution for winding up or have a receiver, liquidator, administrator or similar officer appointed over all or any part of your assets or undertaking or, in the case of an individual, a bankruptcy petition is presented or a trustee in bankruptcy is appointed or a protection order is made under the provisions of the Mental Health Act 1983 (or successor legislation);

 - 40.2.4 on the occurrence of a Force Majeure Event.
- 40.3 Termination will be without prejudice to any legal rights or obligations which may already have arisen.

41. PAYMENTS ON TERMINATION

- 41.1 The Calculation Agent, in good faith and acting reasonably, will determine an amount, if any, (the Close-out Amount) that would be paid by (expressed as a positive) or to (expressed as a negative) the non-Affected Party in consideration of an agreement between the non-Affected Party and a third party that would have the effect of preserving for the non-Affected Party the economic equivalent of any payment in respect of the Transaction that would, but for the occurrence of the Early Termination Date, have been required after that date.
- 41.2 An amount (the "Termination Payment") will be payable equal to the Close-out Amount plus any amounts which have fallen due but remain unpaid as at the Early Termination Date owing to the non-Affected Party, and less any amounts which have fallen due but remain unpaid as at the Early Termination Date owing to the Affected Party, together with, to the extent permitted under applicable law, any interest owing pursuant to the terms of these Terms.
- 41.3 If the Termination Payment is a positive number, the Affected Party will pay it to the non-Affected Party; if it is a negative number then the non-Affected Party will pay it to the Affected Party.
- 41.4 The Termination Payment will, at the option of the non-Affected Party, be reduced by its set-off against any amounts payable (whether at such time or in the future or upon the occurrence of a contingency) by or to, as appropriate, the non-Affected Party (irrespective of the currency, place of payment or booking office of the obligation) under any other agreement(s) between the parties or instrument(s) or undertaking(s) issued or executed by one party to, or in favour of, the other party.
- 41.5 The parties agree that an amount recoverable under this clause 41 is a reasonable pre-estimate of loss and not a penalty. Such

amount is payable for the loss of bargain and the loss of protection against future risks and except as otherwise provided in these Terms neither party will be entitled to recover any additional damages as a consequence of the occurrence of the Early Termination Date.

- 41.6 In determining the Close-out Amount, the Calculation Agent may consider any relevant information, including, without limitation, one or more of the following types of information:
- 41.6.1 quotations (either firm or indicative) for replacement Transactions supplied by one or more third parties that may take into account the creditworthiness of the non-Affected Party at the time the quotation is provided and the terms of any relevant documentation, including credit support documentation, between the non-Affected Party and the third party providing the quotation;
 - 41.6.2 information consisting of relevant market data in the relevant market supplied by one or more third parties including, without limitation, relevant rates, prices, yields, yield curves, volatilities, spreads, correlations or other relevant market data in the relevant market; or
 - 41.6.3 information of the types described in clause 41.6.1 or 41.6.2 above from internal sources if that information is of the same type used by the non-Affected Party in the regular course of its business for the valuation of similar transactions.

Without duplication of amounts calculated based on information described in clause 41.6.1, 41.6.2 or 41.6.3 above, or other relevant information, and when it is commercially reasonable to do so, the Calculation Agent may in addition consider in calculating the Close-out Amount any loss or cost incurred in connection with the non-Affected Party terminating, liquidating or re-establishing any hedge related to the Transaction.

42. CALCULATION AGENT

We shall be the Calculation Agent. Whenever the Calculation Agent is required to act or exercise judgment in any other way, it will do so in good faith and in a commercially reasonable manner.
